

VITAL FACTS FOR EVERYBODY

Citizens Big War Council Meeting at Mt. Vernon Court House
MONDAY, FEBRUARY 25, 1918—1 p. m. Sharp

WAR.
IT'S HERE.
DUTIES FOR ALL.
Citizens answer the call.
The nation's safety is in your hands.

DO now, or be made to DO by the Kaiser later.

The soldiers fight our battles, the farmers to fight the weeds, to furnish supplies.

The V. M. C. A., and the Red Cross are doing great and wonderful things for our boys, the farmers and others at home will do greater.

If the people would lessen the use of flour by one half, more than 10,000 barrels per week would be saved.

Exports during month of December 1917: breadstuffs, valued at \$38,500,000 meats \$32,000,000.

When in doubt about crops etc., don't fail to consult or write county agent R. E. Spence Berra for any desired information about fertilizer, seed corn, soils, stock and poultry raising etc.

Wheat, meat, sugar and fat will win or lose the war. Our army should be amply supplied with these and we, at home, should make out on smaller than the customary quantities.

Self protection suggests that bigger crops of vegetables should be raised for home consumption.

By observing the suggestions found in this circular will prove an aid in preventing the necessity of you having, later on to walk in a bread line.

If you have a father, brother, son or relative in the service, keep him in mind, do your bit with willing hands, and encourage your neighbor to do the same in raising bigger crops and more live stock.

The crisis in the world war is at hand.

EVERYONE of us can aid. Don't imagine that because you are only one of a hundred million that you don't count. You do count; counted upon by our president and country to do your bit.

We have the men and money win the war. It only requires

the people at home to keep busy and furnish necessary supplies, (for which they are paid), to maintain the soldiers in a high state of efficiency or fighting ability for winning this war. Our people should not fail them.

Authentic information from Germany indicates that the German soldiers are well fed the citizens of that empire have been reduced to straw bread a few potatoes and beets. America, the best fed nation on the globe could easily furnish our fighting forces, including the Allies, and

plenty at home, by converting a small extent their supply of wheat, meat and fats.

If your corn crop could be increased from one third to one half it would be an immense stride toward blacking the Kaiser's eye.

There is no danger of our Government confiscating produce or other supplies. This bugaboo was started by German agents and spies. Everything the Government gets from citizens will be paid for.

From all rules provided by Fuel and Food administrators it is demonstrated that the Government means to regulate prices that justice will be done producer and consumer.

The planting season will soon be upon us. Particular study should be given now regarding the acreage you will be able to put in and care for, potatoes and all kinds of vegetables.

It is highly important that a surplus of vegetables be raised for home use and local supply. The present Federal ruling relative to the use of wheat, will likely remain in effect for some time, this makes the situation of that importance which should not be overlooked but seriously considered and acted upon by the raising of a larger crop of corn, potatoes, other vegetables and then more vegetables.

On account of early frosts last fall, in many states, much corn failed to mature and was found to be sappy and unfit for seed. No doubt that a large quantity had the life germ killed in that

corn left in the shock or on standing stalk in field, by cold weather where temperature dropped below 15 degrees under zero.

It behooves our farmers to test their seed corn right away. If your corn proves good let others know it, including your neighbors.

Buy war saving stamps and Thrift stamps, they are baby Liberty bonds and pay a good interest.

Bonds enables the Government to extend the protection you

It safeguards your person and your property.

It will keep the Kaiser from overrunning our lands with his hordes of murderers, cut-throats, assassins, and women and baby killers.

See any post master or banker and get information on Liberty bonds, War and Thrift stamps. Invest in them. You can begin on 25 cents.

The Government wants mechanics to use in ship building and in other departments. If you can handle tools you can be used. There is a system of registration being put in effect whereby you can register your name and etc. after which you can go on the call of the Government if you wish or you can use your own pleasure go or not go just as it suits you. Good pay assured. Mechanics, carpenters, blacksmiths and others who can handle tools are wanted for work in shipbuilding. You can register with Dr. M. Pennington, Chm., Rockcastle County Committee of Defense, Mt. Vernon, Ky. See the Doctor for particulars.

Citizens of Rockcastle, Farmers, stockraisers, merchants, lawyers, doctors, in fact all lines of trade, callings and endeavor are requested and urged to come to Mt. Vernon on the day of this War Council meeting and be with us in endeavoring to aid and assist the "boys over there," who are fighting our battles that we may retain the liberty gained by the war of 1776.

friend to have said twenty five hundred. Error is a great deal worse than ignorance. It is better to know nothing than to know what isn't true. To be beaten but not broken, to be victorious but not vain-glorious, to strive and contend for the prize and win it honestly or lose it cheerfully, to lose every power in the face and yet, never to wrest an undue advantage or win an unlawful mastery; verily in all this there is training and testing of character which searches it to the very roots, and this is a result which is worth all its costs.—Mrs. W. E. Gravelly is visiting relatives in Middlesboro and Virginia this week.—B. T. Young was in Mt. Vernon, Thursday, on business.—A great deal is being said about Food Conservation, and there is scarcely any one who does not think but that he has been unjustly dealt with in some respects either by nature or fortune. What is to be done? If these individual imperfections can be remedied, let us strive in every legitimate way to help ourselves. If not, why not make the best of them?

condition of like that breeds happiness as the use that we make of our opportunities. Some people will be cherry and useful anywhere under any livable conditions. Others are correspondingly dismal. Therefore, as a matter of self-confidence, let us make the best of things.—Allen Hiatt was in the Quail section, Wednesday and Thursday, looking after some business matters.

The Spirit of the Hour.

Dedicated to the Kentucky Red Cross.
An order came for wheatless days, We had seen many such days before.
And we are right in line with Uncle Sam,
And willing to see some more.
An order came for meatless days, And it disturbed us not a bit, For we were dieted in early childhood,
And had long since gotten used to it.
An order came for sweetless days, That we eat our pies and cakes just so,
This to us was nothing new, Sounded quite natural, don't you know.
An order came for heatless days, In the depth of winter, bleak and cold,
Reminded us of the old log cabin, And the fire place, back in the days of old.
Whatever your orders may be Uncle Sam,
We will gladly sacrifice whatever we can,
That Freedom and Democracy may reign supreme,
Throughout all this broad land.
It's our children we live and fight for,
And the Freedom that they may enjoy,
From a "World-wide Democracy," Christened with the blood of our boys.

with local applications, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts thru the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

BRODHEAD

Eld. J. W. Masters, of Corbin, is with his brother, William Masters, at Gum Sulphur, this week. He was here a few hours Monday on business.—Cashier A. M. Hiatt was in Pineville and Harlan last week.—Mrs. L. B. Hilton, and little son Master James Butler, were with her parents, Mr. and Mrs. J. R. Cass, here, recently.—Born at home of Mr. and Mrs. B. T. Young, last Saturday, a fine baby boy. The youngster will answer to the name of B. T., Jr.—R. L. Smith, who has been quite sick at his home, in the Hiatt section, is reported better.—Mrs. Samuel Black, living near here, fell a few days ago, and is reported in a very serious condition as a result. However, her condition

is much improved from what it was at first.—The play given last Saturday night and Monday night by the High School pupils and others, was quite a success and one of the very best plays given here by local talent. On Monday night it was presented and the proceeds given to the Local Branch of the Red Cross Chapter. On Tuesday night the same play was presented in Mt. Vernon and the entire proceeds donated to the Red Cross. On Saturday the proceeds obtained will be used toward a library for the school.—"We know you do not like the dope we are giving you, but the doctor says you must take it". These are the words of the Deputy Police Judge, the man with an Algebra education, the fellow who holds an ex-

alted position with the L. & N. Rail Road, in fact our good friend Bill Owens at Livingston. We suppose there is no way except to take this dope, but it is much easier swallowed when it is reduced in size from twenty-five thousand dollars invested in Liberty Loan Bonds to sixty-two hundred. There are two things which every man ought to learn; first, the science of speech; second, and the most difficult, is when to keep silence. It would have been much better for our friend after seeing he was beaten to a frazzle to have kept silent; but when one errs through ignorance he really deserves and has merited pity. It is said that "whoever says little has little to answer for", and in this case it would have been best for our

GETTING RID OF COLDS.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is serious danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to lay in bed three days at

the start than three days later on.

REPLYING to speeches, recently made by the Chancellors of Germany and Austria, President Wilson reiterated before Congress Monday last, the intention of the United States and Allies, to continue the war until that pretended belief of the Kaiser that his forces are victorious, is smashed into smithereens and the countries of the world freed from the domination of Prussianism.

THE loss of more than a hundred American soldiers by sinking of the Tuscania last week by a German U-boat, brings the war nearer home. The sinking caused joy to the Kaiser who he regretted greatly that two thousand American soldiers were not destroyed. The U-boat caught him from one of the convey vessel shells which sent it to the bottom.

OWING to the days of miracles being past when liars and blasphemers were stricken with death for butchering truth, Kaiser Wilhelm feels secure in claiming partnership with the Lord, tho he appears to look at the matter as tho the Kaiser was the senior in the firm and God as a side partner.

"MAN cannot live on bread alone." Neither can the people of Germany live on bran alone even if a few beet extra are thrown in now and then. The day of deliverance and the end of the war will no doubt occur in 1918.

THE old saying, "Get acquainted with your neighbor, you may like him," holds good in the case of the County Agent. Get acquainted with him; he can be of service to you no matter how well posted you are in farming, stock and poultry raising, etc.

LIKE others made by our President, his speech delivered before Congress last Monday was a masterful production, which was considered of sufficient importance to send by telegram to all civilized countries the world over.

Read the article on the County Agent or farm demonstrator, in another column of this issue. It tells of the big work being done by this branch of service which is highly endorsed by National, State and county authorities.

EXEMPTION boards of Louisville are wrestling over the problem of marriages of men contracted since May 18 within the sensitive age, are genuine or merely "shocker" marriages.

THE Mountain Echo and London Sentinel have consolidated, retaining the name of the Sentinel.

We often entered false paths. The Lord pointed out to us by a hard school the path which we should go. The world, however, at the same time has not been on the right path. We Germans who still have ideals, should work to bring about better times. We should fight for right and morality. Our Lord God wishes us to have peace, but a peace where in the world will strive to do what is right and good.—Kaiser Bill.

Does the international tough who made this desperate "crack" mean by "Germans who still have ideals," the fellows who desolated Belgium, starved, beat, enslaved and murdered its men, women, and children; who nailed babies to barn doors; gave her girls to lust and rape; who sought to put the dagger into the heart of France; burned her homes, despoiled her women, stole her

JUDGE ROBSON OPENS CAMPAIGN IN PULASKI

JUDGE TARTAR IN INTRODUCING THE SPEAKER, MADE VIGOROUS ADDRESS

On Having Strong, Courageous Man in Congress

From The (Fomerset) Semi-Weekly News.

Judge J. M. Robson, Republican candidate for Congress, made his first appearance before a Pulaski audience, at the Court House yesterday. He made a profound impression, and left no doubt upon the minds of those who heard him, with regard to his availability and fitness for the high office. The local county food administration had arranged a program which would consume most of the day, and Judge Robson readily agreed to deliver his address in the forenoon. At the conclusion of the empanelling of the jury, court adjourned for the big crowd to hear the candidate for Congress. Judge R. C. Tartar introduced the speaker, and in doing so he made a vigorous address on the urgent necessity of having a strong, able and courageous man in Congress, at this critical time. He emphasized the fact that loyal and devoted men should be placed on guard in the Federal Congress, as well as on the battle fronts, and on board the war ships. Judge Tartar said that the people of this district have made up their minds, that the time for paying political debts and gratifying sentiments is past, and that they are entitled to some service. He called attention to the fact that the Knox County Republicans are standing like a stone wall behind Judge Robson, and that this fact was announced to the world, when a few days ago over 800 of the best men of Barbourville and Knox county, on the first day of their court, endorsed his candidacy. He introduced Judge Robson as the next Congressman from the "Grand Old Eleventh," and then the audience heard one of the best addresses ever delivered in Pulaski county. Judge Robson is a magnetic speaker, and he is powerful, earnest and forceful. Under the spell of his earnest appeal, the audience sat in rapt attention, over half through the dinner hour, and at the conclusion of his address, many crowded around him to express their sympathy, and to pledge their support. Expressions of big, these were heard on every side. "He looks like a Congressman, he speaks like a Congressman, and he would be a real Congressman." Many utterances of the candidate were received with hearty applause. — (Advertising sentiment)

A committee composed of W. A. McKenzie, J. W. Rider and M. G. Fish went to Stanford Tuesday to examine pens there, who will report at tomorrow's meeting. Work will start at once getting pens in readiness as the first sale is scheduled for April, which will be either the Third or Fourth Monday in that month. The farmers are particularly enthusiastic over the move, and we have every reason to believe that the Rockcastle Stock Pens, will prove all that the most optimistic expect. Mr. Farmer, business man, professional man or whatever you may be, if you are interested in one of the greatest undertakings ever started for the best interest of the county, be at the meeting at court house tomorrow at 1 o'clock. Read the article "Vital Facts for Rockcastle," by the County Defense Committee. It is most important that you read and heed.

Could Not Eat or Sleep Made Well By PERUNA

Mr. William E. Denny, 1023 Park Ave., Springfield, Ohio, writes: "I find great pleasure in writing you and thanking you for what Peruna has already done for me. I have been troubled with catarrh for years, and it had affected my head, nose, throat and stomach, that I could not eat nor sleep with any satisfaction. I have just taken three bottles. I can eat most anything and am greatly relieved of nervousness, so that when I lie down I can sleep without the least trouble. I recommend it to all those who are sufferers of that dreadful disease, catarrh."

Through an unintentional oversight, we failed to mention in last issue the death of Mrs. Cooper, age 82 years, mother of our townsman, J. Lewis Cooper, which occurred at her home in Jefferson City, Tenn. Mr. Cooper and family attended the funeral.

The Local Board of Rockcastle county has recieved instructions to furnish 30 white men to entrain Feb. 25 which will complete the deferred percentage of white men for the first quota. Nothing was said about where these men are to go, but it is presumed that they will go to Camp Taylor.

Ed Cox suggests that the poker be tagged instead of the shovel for the reason that a poker in the hands of an industrious woman can burn up coal about as fast as two shovels can put it into the grate. Some of the lazy men are suspicious of al-so making records along same line.

J. L. NICELY,
Mt. Vernon, Ky.

Feb. 15—2t.

The writur had an enjoyable visit over at Dr. G. B. Lawrence's Brookland Farm, near Level Green Saturday and Sunday with his little grandson J. J. Maret, who is living with the doctors family. Of course gran'pa Maret thinks he is brightest and smartest ever.

The Boone Way Man spent a portion of the week in Newport and Cincinnati attending the annual convention of Kentucky County Road Engineers. The association's headquarters were at the Gibson House, Cincinnati's leading hotel, the one which subscribed \$1000 to the fund for completing the gap of Dixie-Boone in Laurel and Rockcastle.

In the Brodhead troupe, of the play, Light-house Nan, which played here Tuesday night were Misses Miranda Tate, Hallie Barnes, Bess Sproule, Lucille Pilkenton; Messrs. Otis Hale, Curtis Pollard, Roy Sowder Robert Cass and Shirley Adams. Mr. J. L. Pilkenton, who drilled the company and certainly did a good job of it, was in charge. Visitors who came with players were Everett Watson, Charley Smith, Recca Brooks and Roy Crawford.

A Powell county man who owned a small farm, suddenly struck it rich when oil was developed on his tract, and for past two years his royalties have been more than \$300 per day. He bought a blue grass farm. Moved to it. Wanting to make presents to his family he askt what they desired. The son was given a horse and buggy; the daughter a piano. The wife told him that inasmuch as the old ax she had chopped with for years was getting somewhat worn and dull, she would be pleased with the presentation of a new one.

The play "Light house Nan" given at the Graded school building Tuesday evening by the High school pupils of Brodhead, was well presented and enthusiastically received by the large and appreciative audience which greeted them. Miss Lucille Pilkenton was the leading character and deserves special mention. Otis Hale and Miss Miranda Tate, who played the part of Mr. and Mrs. Buzzer brought down the house in the closing scene. The other members of the company whose names appear elsewhere in this issue, did well their part and demonstrated not only fitness for the task but likewise proper training. Mt. Vernon folks enjoyed the evening's entertainment and cordially invite the Brodhead folks to return often when they have something so good to offer. The proceeds which amounted to something over \$30 went to the Red Cross.

The differences existing between the two factions of old Providence church has at last been brought to a close, at the end of a law suit. Whether it will be permanent or whether it is only a temporary cessation of hostilities so to speak, is left for the future to tell. Elder J. L. Davis has been preaching in this building more or less for a number of years and the division of the church may properly be termed a pro and anti Davis fight. A suit filed several months ago by the anti-Davis element asking for an equal division of time for the use of the building was decided in favor of the plaintiffs. It has been a most bitter fight, resulting in bad feelings among neighbors and even relatives. It is to be hoped that the reconstruction period is near at hand, when all the bitterness will cease and old friends will be friends again. They are good people on both sides; the west side is one of the very best sections of the county and the prosperity and welfare of the county, morally, religiously and commercially, demands cooperation. Let us hope that it may be had in the future.

AT BOONE WAY.

On Tuesday night Feb. 26, there will be shown at the Boone Way a real British War film, entitled the "Battle of the Ancre" a wonderful production, of that great battle. The battle of the Ancre. The British war tanks are shown in action. Admission 10 and 15 cts.

Mr. Vernon, like every other town in the world, has a few people who never see any good in any move started in the town looking to improvement. Yes, a little town does little things, because they have but little to draw from. But the least of all these little things is the man who never sees any good or lends any encouragement to the little undertakings of his little home town.

The local chapter of Red Cross workers are busy folks. These ladies have ready for shipment today about one hundred pajama suits to be used by our wounded soldiers and sailor boys while being treated in hospitals. Thirteen of these suits were made by the Brodhead ladies. The Wildie ladies are extra good knitters. The Livingston ladies are getting started. They have ordered their goods and will soon be ready for work.

Fords are going to be awful hard to get in the spring. Wont you give us your order now?

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, ... and the pains were very severe. A friend told me I had tried everything else, why not Cardui? ... I did, and soon saw it was helping me ... After 12 bottles, I am strong and well."

TAKE

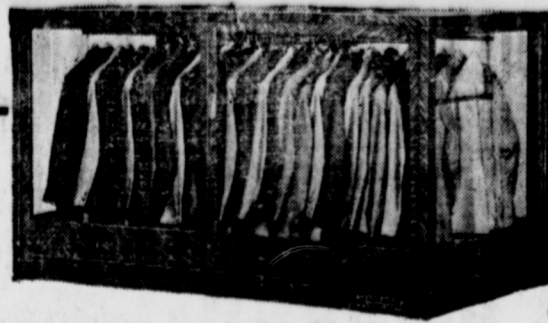

CARDUI

The Woman's Tonic

Do you feel weak, dizzy, worn-out? Is your lack of good health caused from any of the complaints so common to women? Then why not give Cardui a trial? It should surely do for you what it has done for so many thousands of other women who suffered—it should help you back to health.

Ask some lady friend who has taken Cardui. She will tell you how it helped her. Try Cardui.

Print, Promises and PRACTICE

This store will never commit the frequent folly of putting into print what we cannot put into practice. This is one virtue, at least, which all of our advertising possesses. It never will contain a single statement that we cannot back up.

That fact alone merits your confidence, and your confidence is our most valuable assets.

The pastor Rev. George Childress will begin a revival meeting at Brodhead Baptist church, Monday evening Feb. 25th. On Tuesday the 26th, the Rev. H. H. Wallace, pastor of the first Baptist church at Sturgis, Ky., will arrive and preach morning and evening for 10 days. Brother Wallace is a very able minister and we feel fortunate in getting him at this time and trust the citizens give him a good hearing.

Church Clerk.

The people of Brodhead, the faculty of the school and the entire student body desire to express their appreciation to the good people of Mt. Vernon, the faculty and student body of Mt. Vernon school for the courtesy shown our high school boys and girls and all others who took part or assisted in any way in putting on the high school play. We assure you that we shall be glad to return the favor when an opportunity is presented.

Very respectfully,
J. L. PILKENTON.

JOPLIN BROOKS:—Dr. W. T. Brooks and Miss Ella Joplin were married Tuesday at the residence of the officiating minister, the Rev. W. E. Ellis. The bride for many years has taught in the public schools and is a sister to Dr. Brooks' first wife.—Paris Cor. Lexington Herald.
